## Profile Summary

Aspiring Full Stack Developer with strong fundamentals in Java, Data Structures, and Object-Oriented Programming. Experienced in developing full-stack web applications through academic projects and internship experience. Interested in building scalable software solutions, understanding the software development lifecycle, and contributing to enterprise-level applications.

## Technical Skills

**Programming Languages:** Java, Python, C

**Web Technologies:** HTML, CSS, JavaScript

**Frameworks/Libraries:** React.js, Node.js, Express.js, Flask

**Databases:** MySQL, MongoDB

**Developer Tools:** Git, VS Code, Eclipse IDE, Apache Tomcat

**Core Concepts:** Data Structures and Algorithms, OOPS, Operating Systems, Computer Networks, DBMS.

## Internship Experience

### Full Stack Development Intern – Talentfarm.ai (Remote)

Jan 2025 – Jul 2025

- Contributed to the development and support of Java-based web modules in a collaborative team environment.
- Designed and implemented responsive UI components using HTML, CSS, and JavaScript.
- Worked closely with backend teams using Java Servlets and SQL to integrate frontend and backend features.
- Followed clean coding practices and used Git for version control and team collaboration.

## Projects

### Qurelio

Apr 2025 – Jun 2025

- Built a healthcare web application enabling users to input symptoms and receive preliminary health insights.
- Implemented logic to identify high-risk cases, improving response prioritization and user experience.
- Gained hands-on experience with full-stack development and real-world problem solving.
- **Tech Stack:** React.js, Node.js, Express.js, Flask, MongoDB, JavaScript, Python

### Mentor Mentee Management System

Jan 2025 – Mar 2025

- Developed a web-based mentorship platform to connect students with mentors.
- Implemented role-based authentication, dashboards, and chatbot support for user interaction.
- Improved understanding of server-side development and database integration.
- **Tech Stack:** React.js, JSP, Servlets, SQL, Apache Tomcat

## Education

### B.Tech in Information Technology, VVIT, Guntur

2022 – Present

**GPA:** 8.52/10

### Intermediate (MPC), Narayana Junior College, Vijayawada

2020 – 2022

**Score:** 916/1000

### Secondary School, Tiny Tots High School, Narasaraopet

2020

**Score:** 600/600

## Certifications

- Java Programming – NPTEL (SWAYAM)
- DBMS and Core Java – Infosys Springboard
- Android Development and AI–ML – Google EduSkills

## Extra Curricular Activities

- Team Lead, **Smart India Hackathon 2025 (College Level)** – Proposed *SwasthyaDost*, an AI-based multi-lingual healthcare chatbot.
- Focused on improving healthcare information accessibility in rural and semi-urban communities.
